SKILLS

- C/C++
- Java
- DSA
- HTML
- CSS
- Java Script
- SQL

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Marathi (Fluent)

EDUCATION

○ **HSC**   2019 - 2021

  Z.B.Patil College Dhule
  81.33%

○ **BE (E&TC)**   2021 - 2025

  Amrutvahini College Of
  Engineering , Sangamner

PROFILE

"Experienced Full Stack Java Developer with a strong foundation in designing, developing, and deploying robust web applications. Adept at creating seamless user experiences and delivering efficient, scalable solutions across the full development lifecycle."

WORK EXPERIENCE

Cognifront ,Nashik   DEC 2023 - JAN 2024

IOT and ROBOTICS (Intern)

- Developed and executed code for IoT and robotics applications, integrating software with hardware components.
- Configured and connected IoT devices to establish seamless communication between hardware and software systems.

SOURCE TECH ,Pune   MAY 2024 - Present -

SOFTWARE DEVELOPER (Intern)

- Coding and Debugging.
- Writing, testing, and debugging code under the guidance of senior developers.
- Fixing bugs and improving existing codebases.

PROJECT

IOT based LPG gas cylinder trolley to prevent hazards using voice control

- Designed an IoT-based LPG gas cylinder trolley with integrated voice control functionality.
- Enabled hands-free operation using voice commands for enhanced user convenience.

Live Weather Application (integration of API)

- Developed a dynamic Live Weather Application using HTML, CSS, and JavaScript.
- Integrated a third-party weather API to fetch and display real-time weather data for various locations.

Banking System(Java Backend)

- Developed a comprehensive Banking System application using Java for backend functionality.
- Designed and implemented user-friendly front-end interfaces to ensure smooth customer interactions
